## **Directions to the MCTC Aircraft Technician tour at the Delta Air Lines facilities at MSP International Airport**

Delta Airlines Building C  
7500 Airline Drive  
Minneapolis, MN

Delta Airlines Building C is located just north of highway 494 and 34th Avenue. As you head north on 34th Avenue, you will pass the Holiday gas station on your left and Fort Snelling cemetery will be on your right. At the third light—75th Street—turn left (west) onto Airline Drive. Look for the Delta Airlines sign on the northwest corner of the intersection.

Proceed straight/west past the un-occupied guard shack through the flashing crosswalk and radar speed sign. Go past the stop sign. Ahead you will see a white seven-story office building. This is the Endeavor tower (note the name on the top of the tower). To your right you will see a large grassy hill area in front of the tower. Take a right and please park north of this area.

At the base of the Endeavor tower are the glass-fronted doors of the reception area (lobby). This is where we will meet and you will receive your visitor's badge. Please bring a photo ID for security purposes.

Steve Tornblom, MCTC A & P Instructor, will meet you in the lobby at 2 p.m.

Call Steve Tornblom at 612-248-4365 if you have any questions about the tour location.
